## **CHILLERS FOR INDUSTRY**

---

28 June 2006

Process Refrigeration and industrial water chiller company Matsu Chilling Systems has announced the purchase of telephone number "1300CHILLERS (1300 244 553)" as part of its move to establish a national presence.

By having the same contact telephone number Australia wide Matsu Chilling Systems is able to further increase its profile as an Australia wide industrial cooling company providing the four pillars of industrial refrigeration – Chillers, Parts, Service and Products.

**Chillers** include industrial process chillers, refrigeration chillers, air conditioning chillers, commercial chillers, concrete chillers, scientific chillers, heat exchanger chillers, brine chillers and glycol chillers for all types of applications.

**Parts** include all refrigeration spare parts and chiller parts for all Matsu Chilling Systems chillers and for many other makes and models.

**Service** includes chiller service, chiller preventative maintenance, air conditioning service, cooling tower service, water tower service and preventative maintenance, and is offered out of all capital cities.

**Products** include heat transfer products such as propylene glycol, ethylene glycol and water treatment products to inhibit corrosion and fungus in chilled water systems.
